

# Muse Advisory Press Release

23 January 2024

Muse Advisory is delighted to announce the appointment of Rosanne Corbett and Jo Fellowes as Directors of the firm, and Kate Maloney as Client Director.

Ian McQuade, CEO, said 'Rosanne and Jo have both been with Muse for many years; Rosanne leading our Risk and Governance work, and Jo leading our Administration Consulting, Provider Reviews and Project Management teams. We are delighted to welcome them to the Board as we continue to grow our business, free from the conflicts that permeate our industry. Our true independence from both those who provide trustee services, as well as those who are appointed as advisers to schemes, gives us a unique position to help the schemes we work with to focus on delivering the best possible outcomes. Enlarging our Board is essential to support our growing business and signals our intention to remain a leading independent specialist firm, delivering improved governance and management of pension schemes. We value the quality of our people and are so pleased to have been able to promote from within.

Commenting on her appointment, Rosanne said 'Having worked with Muse for nearly 14 years, I am delighted to join the Board and continue to lead our Risk and Governance work. Effective governance and risk management keeps Trustees on course to meet their strategic objectives efficiently and cut through the noise of running a scheme to focus on what really matters. Now the General Code is here, we can bring the value we've demonstrated in the Code compliance work and ORAs that we've already done, to the Trustees we are helping in this area.'

Jo said 'We provide truly independent support to schemes when they want to get the most from their administrator and advisers. We have experience working across the whole of the advisory market, and leverage that to ensure that our clients get the best partners for their needs. When leading projects for clients, we are pragmatic and proportionate in our approach. We focus on unifying all parties to encourage and maintain buy-in towards a common goal, to achieve the best possible outcome.'

Lindsay Hawkins, who leads Muse's outsourced pensions management team, commented on Kate's appointment saying 'Kate has joined us to help lead our growing outsourced pensions management team, bringing over 35 years' experience, including 18 in-house, and great consultancy skills. With the growth of our team and appointment of several other senior consultants over the past few years, we have a fantastic team of pension managers supporting many trustee boards to deliver their schemes' strategic objectives and improve the management of the Schemes by weaving good governance into the day-to-day ways of working.'
